- Can be powered subsea or from the surface
- Comes with quick connects for AUXROV use

WHATS INCLUDED

Hydraulic Grab.
 AUXROV interface (if needed).
 Operational hoses.
 Operations Manual.

OPTIONS

Surface HPU.
 Downlines.
 Hydraulic Hose Reel.

Description

The Clam Shell Grab is the perfect tool for heavy duty debris recovery operations. With its large volume capacity and heavy duty closing fore it collects subsea debris efficiently.

The system can be used with the Aleron Subsea AUXROV for subsea power and fine control or it can be deployed with a vessel crane and powered from the surface.
